

Project on Research in Medical Education (PRIME)

Wednesday, January 24, 2007

8 - 9:30 a.m.

Sanger Hall, Room 1-038

Using Structured Interviews to Support Planning for a Simulation Center

We will introduce the structured interview as a method for gathering information and planning for a simulation center in the School of Medicine and MCV Hospitals. The interviews provide a wealth of information, some expected and some unexpected. We will also discuss using the logic model to organize information obtained in the interviews.

Presenters

Brenda Seago, M.L.S., M.A.

Administrative Director, Center for Human Simulation and Patient Safety
Associate Professor & Director
SOM Computer Based Instruction Lab

Sonya Lawson, Ph.D.

Research Coordinator
Office of Continuing Professional Development & Evaluation Studies
School of Medicine

Continental Breakfast will be served.

sponsored by the Curriculum Office in collaboration with the Office of Faculty and Instructional Development, VCU School of Medicine on the MCV Campus. For questions, please contact Debbie Stewart at 8-6591.
