Professional Development Seminar

Women and Men Faculty, Post-docs, Graduate, Medical, Dental Students,
Housestaff, Fellows, and other interested persons are invited

Protecting Human Subjects in Research: Working with the IRB

Objectives:

After this presentation, participants will be able to:

- discuss the kinds of projects that are considered 'human subjects research' coming under the purview of the IRB
- understand how the potential and actual level of risk of the study interfaces with IRB review levels and IRB requirements
- discuss additional protections needed to maintain confidentiality, to monitor for safety, and for vulnerable populations

presentors

Betsy Ripley, M.D.

Vice Chair of IRB Panel B

Associate Professor, Internal Medicine, Nephrology, SOM

Monika Markowitz, Ph.D.

Director, Office of Education and Compliance Oversight
VCU Office of Research
