

**VCU - SCHOOL OF MEDICINE
ACCEPTANCE OF STUDENT LOANS
ACADEMIC YEAR 2016-2017**

Dear Students:

All students must determine how much of their loan eligibility they wish to accept. I have included the 2016-2017 Cost of Attendance for a reference guide. Cost of Attendance represents the maximum financial aid you can receive from any source. If you receive outside scholarships or other aid, you must report it to our office and it must be subtracted from your Cost of Attendance before you can indicate your loan amount. General eligibility is indicated below. Many of you have found that you don't need as much as the maximum. This process will help you to determine your living budget and avoid Change Forms and the return of funds. Please be aware that should you need more (up to the max.), you can apply at any time during the academic year. If you have questions, please contact the MCV Campus School of Medicine Financial Aid Office. This has no bearing on your subsequent request(s) for Federal Direct Graduate PLUS Loans.
