Satisfactory Academic Progress and Review of Student Progress: Students that maintain cumulative graduate GPAs ≥ 3.0, receive grades of S in S/U/F coursework, follow all VCU/Graduate School/School of Medicine/Program guidelines and meet all program requirements in a timely fashion are considered to be making satisfactory academic progress. Students are reviewed twice annually by their graduate program, faculty of their graduate program and advisor.

A student with a GPA < 3.0, that receives a grade of U, has violated a VCU/Graduate School/School of Medicine/Program policy or guideline or is not making timely progress toward their degree can be considered for dismissal from their program.

Students that receive 3 grades of U will be dismissed according to the regulations of the Graduate School.

Students should see the VCU Bulletin for additional information.

Approved by the School of Medicine Graduate Programs Committee: pending
